

UnicertGroup
Ltd (International Team)

CERTIFICATION & COMPLIANCE QUESTIONNAIRE

Industrial Equipment, Process Plant & Consumer Goods — Global Markets

EN / CE Marking	GOST-R / EAC	ATEX / IECEx
ASME VIII	GB / CCC China	ISO 9001/14001/45001
BIS India / IS	JIS Japan	NR-13 Brazil
SASO / GCC	AS Standards	UKCA / HSE

Date	13 July 2026
Confidentiality	CONFIDENTIAL — Client use only
Languages	English · Russian · German · Chinese (Simplified)
Issuing Party	UnicertGroup Ltd (International Team)
Document Type	Certification & Compliance Scope Questionnaire — Revision 3.0
Reference No. (office use)	

unicertgroup.com | service@unicertgroup.com

00 REGULATORY ROUTING — COMPLETE FIRST

► These four answers determine which legal instruments apply to you and which deadline lands first. They govern how the rest of this questionnaire is read. If you are unsure, tick the uncertainty option — it is not a penalty.

A — Your role for this product (EU economic-operator status)

- | | | |
|---------------------------------------|---|--|
| ☐ Manufacturer | ☐ Authorised representative (EU) | ☐ Importer into the EU |
| ☐ Distributor | ☐ Integrator / assembler | ☐ End-user performing modifications |

B — Engagement requested

- | | |
|--|--|
| ☐ Not yet decided — please advise | ☐ G0 — Regulatory exposure triage (2-3 days) |
| ☐ G1 — Documentation gap assessment (2-4 weeks) | ☐ G2 — CRA readiness (deadline 11 Sep 2026) |
| ☐ G3 — Market-entry documentation programme | ☐ Certification project only (see Section 09) |

C — Does the product contain software, firmware or a network interface?

- ☐ Yes — software, firmware or a network interface is present (CRA applies)
- ☐ No — no digital elements whatsoever
- ☐ Not sure — please assess

D — Planned first placing on the EU market

- | | |
|--|--|
| ☐ Before 20 January 2027 — Directive 2006/42/EC applies | ☐ On or after 20 January 2027 — Regulation (EU) 2023/1230 applies |
| ☐ Already placed on the EU market | ☐ Not yet fixed |

Verified regulatory timetable — checked against primary sources on 13 July 2026

Date	Instrument	What changes	Source
11 Sep 2026	Reg. (EU) 2024/2847 (CRA), Art. 14	Reporting of actively exploited vulnerabilities and severe incidents: 24 h / 72 h / 14 d. Reaches products already on the market.	EC — DG CNECT
09 Dec 2026	Dir. (EU) 2024/2853 (new PLD)	Software is a product. Right to disclosure of the technical file; defect may be presumed where a mandatory safety requirement was breached.	EUR-Lex
20 Jan 2027	Reg. (EU) 2023/1230 (Machinery)	Directive 2006/42/EC repealed. No grace period. Six Section-A categories need third-party assessment even with a harmonised standard.	EUR-Lex
01 Jan 2026	Reg. (EU) 2023/956 (CBAM) — in force	Definitive regime live. 50 t/year cumulative threshold per importer on iron, steel, aluminium, cement, fertiliser. First declaration due 30 Sep 2027.	EC — DG TAXUD

01 APPLICANT & COMPANY INFORMATION

► Complete all mandatory fields (*). Attach company registration extract if available.

Legal Company Name *		Trading Name / Brand	
Country of Registration *		Company Registration Number *	
Street Address *	City / Postal Code *		Country *
Website		VAT / Tax Identification Number	
Technical Contact (Name, Title) *		Commercial Contact (Name, Title)	
Email Address *		Phone / WhatsApp *	
Authorised Signatory (Name & Title) *			

Company Size

☐ Micro (< 10 employees)

☐ Small (10-49)

☐ Medium (50-249)

☐ Large (250-999)

☐ Corporate (1,000+)

☐ Multinational Group

Existing Quality Certifications

☐ ISO 9001:2015

☐ ISO 14001:2015

☐ ISO 45001:2018

☐ IATF 16949 (Automotive)

☐ ISO 13485 (Medical)

☐ AS9100 (Aerospace)

☐ EN 9100

☐ IRIS (Rail)

☐ None currently held

02 PRODUCT IDENTIFICATION & CLASSIFICATION

► One questionnaire per product group. Attach separate sheets for multi-product projects.

Product / Equipment Name (commercial designation) *

Technical Description — function, operating principle, main components *

HS / Customs Tariff Code

UNSPSC / CPV Code

Model / Type / Part Number *

Revision / Version

Year of First Design

Annual Production Volume *

Unit of Measure

Product Sector *

☐ Pressure Vessels / Boilers

☐ Silos & Storage Tanks

☐ Pneumatic Conveying Systems

☐ Bulk Solids Handling

☐ Mixers & Blenders

☐ Pumps & Compressors

☐ Heat Exchangers

☐ Valves & Fittings (PED art. 4)

☐ Electrical Equipment (LV)

☐ Automation & Control Systems

☐ Measurement Instruments
(metrology)

☐ Ex / ATEX Equipment

☐ Piping & Process Lines

☐ Lifting Equipment

☐ Consumer Goods

03 TARGET MARKETS & REQUIRED CERTIFICATION SCHEMES

► Tick ALL markets where the product will be placed, imported, or operated. UnicertGroup will confirm mandatory schemes and mutual-recognition options.

EUROPE / EEA

- | | | |
|---|--|---|
| ☐ Germany — CE / AD 2000 / TÜV | ☐ France — CE / COFRAC | ☐ Italy — CE / INAIL |
| ☐ United Kingdom — UKCA / HSE | ☐ Netherlands — CE / Kiwa | ☐ Switzerland — MRA / CE |
| ☐ Poland — CE / UDT | ☐ Sweden — CE / RISE | ☐ Norway — CE / NEK |
| ☐ Austria — CE / ÖVE | ☐ Belgium — CE / BELTEST | ☐ Spain — CE / AENOR |
| ☐ Czech Republic — CE / TZUS | ☐ Finland — CE / TUKES | ☐ Denmark — CE / DS |
| ☐ EU (all 27 member states) | ☐ Other EU / EEA country | |

CIS / EURASIAN ECONOMIC UNION

- | | | |
|--|---|--|
| ☐ Russia — GOST-R / EAC / Rostekhnadzor | ☐ Kazakhstan — EAC / KazInMetr | ☐ Belarus — EAC / BelGISS |
| ☐ Armenia — EAC | ☐ Kyrgyzstan — EAC | ☐ Uzbekistan — UzStandard |

ASIA / MIDDLE EAST / AMERICAS / OCEANIA

- | | | |
|---|--|---|
| ☐ China — CCC / SAMR / TSG | ☐ India — BIS / IS / PESO | ☐ Japan — JIS / METI |
| ☐ South Korea — KC | ☐ Saudi Arabia — SASO / SABER | ☐ UAE — ESMA / ECAS |
| ☐ USA — ASME / UL / NB | ☐ Canada — CSA / CRN | ☐ Brazil — INMETRO / NR-13 |
| ☐ Australia — AS / RCM | ☐ Turkey — CE / TSE | ☐ Other (specify below) |

Other markets, or notes on priority sequence of market entry:

04 APPLICABLE DIRECTIVES, REGULATIONS & STANDARDS

► Check all standards believed applicable. Leave uncertain items blank — UnicertGroup will advise on mandatory vs. voluntary scope.

EU Regulations & Directives (CE Marking and adjacent regimes)

- | | |
|--|---|
| ☐ PED 2014/68/EU — Pressure Equipment | ☐ ATEX 2014/34/EU — Explosive Atmospheres |
| ☐ MD 2006/42/EC — Machinery (until 19 Jan 2027) | ☐ Reg. (EU) 2023/1230 — Machinery (from 20 Jan 2027) |
| ☐ LVD 2014/35/EU — Low Voltage | ☐ RED 2014/53/EU — Radio Equipment |
| ☐ EMC 2014/30/EU | ☐ CPR 305/2011 — Construction Products |
| ☐ MDR 2017/745 — Medical Devices | ☐ GPSR 2023/988 — General Product Safety |
| ☐ RoHS 2011/65/EU | ☐ WEEE 2012/19/EU |
| ☐ Ecodesign / ESPR 2024/1781 | ☐ CRA — Reg. (EU) 2024/2847 |
| ☐ CBAM — Reg. (EU) 2023/956 | |

EN / ISO / IEC / National Technical Standards

- | | |
|--|--|
| ☐ EN 1991-4 (Actions on silos / tanks) | ☐ EN 1993-4-1 (Steel silos) |
| ☐ EN 1993-1-6 (Shell buckling) | ☐ EN 13445-1/5 (Pressure vessels) |
| ☐ AD 2000 Regelwerk | ☐ EN ISO 12100 (Risk assessment) |
| ☐ EN ISO 13849 / IEC 62061 (Functional safety) | ☐ IEC 61508 (SIL) |
| ☐ EN 60204-1 (Electrical equipment of machines) | ☐ ISO 3834 (Welding quality) |
| ☐ EN 1090 (Execution of steel structures) | ☐ ASME VIII Div. 1 / Div. 2 |
| ☐ GOST / TR CU standards | ☐ GB standards (China) |
| ☐ JIS standards (Japan) | |

05 TECHNICAL & DESIGN SPECIFICATIONS

A — Pressure Equipment / Vessels / Piping

Parameter	Design Value	Unit	Test Value	Remarks / Standard
Design Pressure (internal)		bar(g)		
Design Pressure (external / vacuum)		bar(g)		
Hydrostatic Test Pressure		bar(g)		1.3× or 1.5× design
Design Temperature (maximum)		°C		
Design Temperature (minimum)		°C		
Geometric Volume		m ³ / litres		
Shell Wall Thickness (nominal)		mm		
Primary Material of Construction		—		EN / ASME / GOST
Process Medium / Fluid		—		
PED Fluid Group		Group 1 / 2		PED 2014/68/EU Art. 13
Corrosion Allowance		mm		
Design Lifetime / Fatigue Cycles		years / cycles		
MAWP (Max. Allowable Working Pressure)		bar(g)		

B — Silos, Hoppers & Bulk Solid Storage

Parameter	Value	Unit	Standard Ref.	Notes
Geometric / Useful Capacity		m ³	EN 1991-4	
Bulk Density (min / max)		kg/m ³	EN 1991-4	
Angle of Internal Friction		°		
Wall Friction Coefficient		—		
Discharge Method		—		mass / funnel flow
Dust Explosion Class (St 1/2/3)		—	EN 14034	
Minimum Ignition Energy		mJ		

C — Electrical, Electronic & Digital Characteristics

Parameter	Value	Standard Ref.
Rated Voltage / Current		IEC 60038
Frequency	50 Hz / 60 Hz / Both	
Protection Class (ingress)	IP XX / NEMA X	IEC 60529
Impact Protection Class	IK 00-10	IEC 62262
Insulation Class	Class A / B / F / H	IEC 60085
EMC Emission Class	Class A / B	EN 55032
Operating Temperature Range		°C
Product Dimensions (L × W × H)		mm
Net / Gross Mass		kg
Battery / Accumulator present	Yes / No / Type	RoHS / WEEE
Wireless interface present	Yes / No / Type	RED
Network interface / remote access	Yes / No / Type	CRA — Reg. 2024/2847
Firmware update mechanism	Yes / No / OTA?	CRA — support period
Software Bill of Materials (SBOM) exists	Yes / No	CRA Annex I

06 SPECIAL REQUIREMENTS & HAZARD CLASSIFICATION

Explosion Protection — Equipment Category (ATEX / IECEx / TR CU 012)

- | | | |
|--|--|--|
| ☐ Group I — Mining applications | ☐ Group II — Surface industry | ☐ Category 1G (Zone 0 — gas/vapour) |
| ☐ Category 2G (Zone 1) | ☐ Category 3G (Zone 2) | ☐ Category 1D (Zone 20 — dust) |
| ☐ Category 2D (Zone 21) | ☐ Category 3D (Zone 22) | ☐ Gas Group IIA (propane equiv.) |
| ☐ Gas Group IIB (ethylene equiv.) | ☐ Gas Group IIC (hydrogen equiv.) | ☐ Dust Group IIIA/B/C |

Temperature Class (T1-T6)	Max Surface Temperature (°C)	EPL required
---------------------------	------------------------------	--------------

Explosive atmosphere description (gas / vapour / dust type, concentration, ignition source):

PED Conformity Assessment Category

- | | |
|--|--|
| ☐ SEP — Sound Engineering Practice (below PED thresholds) | ☐ Category I (Module A) |
| ☐ Category II (Module A2 / D1 / E1) | ☐ Category III (Module B + D / B + F / H) |
| ☐ Category IV (Module B + D / G / H1) | ☐ Not yet determined — please assess |

07 EXISTING DOCUMENTATION & CERTIFICATE STATUS

► Attach copies of available documents. UnicertGroup will perform a gap analysis and identify additional requirements. Under Directive (EU) 2024/2853 a claimant may obtain disclosure of the technical file — a thin file is now discoverable evidence, not only a compliance gap.

Document / Certificate	Available?	Expiry Date	Certificate No.	Issuing Body
Engineering Drawing Package (GA, detail, P&ID)	☐ Yes ☐ No ☐ Partial			
Strength / Stress Calculation Report	☐ Yes ☐ No ☐ Partial			
Risk Assessment (EN ISO 12100 / PSSR)	☐ Yes ☐ No ☐ Partial			
Material Test Certificates (EN 10204 / ASTM A480)	☐ Yes ☐ No ☐ Partial			
Weld Procedure Specifications (WPS / PQR / ISO 15614)	☐ Yes ☐ No ☐ Partial			
Welder / Operator Qualification Records	☐ Yes ☐ No ☐ Partial			
NDT Reports (UT / RT / PT / MT / VT)	☐ Yes ☐ No ☐ Partial			
Hydrostatic / Pneumatic Test Report	☐ Yes ☐ No ☐ Partial			
EU Type-Examination Certificate	☐ Yes ☐ No ☐ Partial			
EU Declaration of Conformity (DoC)	☐ Yes ☐ No ☐ Partial			
ATEX / IECEx Certificate	☐ Yes ☐ No ☐ Partial			
GOST-R / EAC Certificate or Declaration	☐ Yes ☐ No ☐ Partial			
ISO 9001 / 14001 / 45001 Certificate	☐ Yes ☐ No ☐ Partial			
GB / CCC Certificate (China)	☐ Yes ☐ No ☐ Partial			
ASME Data Report (Form U-1 / U-1A)	☐ Yes ☐ No ☐ Partial			
BIS / IS Certificate (India)	☐ Yes ☐ No ☐ Partial			
UKCA / BSI Assessment (UK)	☐ Yes ☐ No ☐ Partial			
User / Operating Manual (incl. maintenance)	☐ Yes ☐ No ☐ Partial			
Spare Parts List & Wear Parts Register	☐ Yes ☐ No ☐ Partial			
Factory Audit / Inspection Reports	☐ Yes ☐ No ☐ Partial			
SBOM / software inventory (CRA)	☐ Yes ☐ No ☐ Partial			
Vulnerability handling procedure (CRA)	☐ Yes ☐ No ☐ Partial			
Embedded-emissions data per CN code (CBAM)	☐ Yes ☐ No ☐ Partial			

Notes on documentation gaps, known deficiencies, or previous rejection reasons:

08 MANUFACTURING, FABRICATION & SUPPLY CHAIN

Manufacturing Country *	Manufacturing City / Industrial Zone
-------------------------	--------------------------------------

Fabricator / Manufacturer Legal Name	Fabricator Website / Contact
--------------------------------------	------------------------------

Manufacturing Processes Involved *

- | | | |
|---|--|--|
| ☐ Arc welding (MIG / MAG / TIG / SAW) | ☐ Electron beam / laser welding | ☐ Resistance / spot welding |
| ☐ Brazing / soldering | ☐ Forging (hot / cold) | ☐ Casting (sand / die / investment) |
| ☐ Deep drawing / metal forming | ☐ CNC machining / turning / milling | ☐ Surface treatment / coating |
| ☐ Assembly only (parts sourced) | ☐ Injection moulding / extrusion | ☐ PCB / electronics assembly |
| ☐ 3D printing / additive manufacturing | ☐ Heat treatment | |

Welding Quality Standard Applied

- | | | |
|---|--|--|
| ☐ ISO 3834-2 (Comprehensive) | ☐ ISO 3834-3 (Standard) | ☐ ISO 3834-4 (Elementary) |
| ☐ EN 1090-2 (Structural steel execution) | ☐ ASME Section IX | ☐ AWS D1.1 / D1.2 |
| ☐ Not applicable | | |

Quality Management Standard at Factory *	Factory Stamp / Approval (ASME U, PP, S...)
--	---

Sub-supplier countries (for traceability and CBAM assessment — list countries):

--

Material Standards Used

- | | |
|--|---|
| ☐ EN 10028 (Flat products — pressure) | ☐ EN 10216 / 10217 (Seamless / welded tubes) |
| ☐ EN 10222 (Forgings for pressure) | ☐ EN 10272 (Stainless bars) |
| ☐ ASME SA / SB / SFA series | ☐ GOST material standards (Russia) |
| ☐ GB / YB material standards (China) | ☐ JIS G standards (Japan) |
| ☐ IS material standards (India) | ☐ Other national material standards |

09 PROJECT SCOPE, TIMELINE & COMMERCIAL PARAMETERS

Required Certification Scope *

- | | |
|--|--|
| ☐ New certification — full project | ☐ Certificate renewal / re-assessment |
| ☐ Scope extension to additional markets | ☐ Transfer from existing Notified Body / CB |
| ☐ Technical file preparation only | ☐ Gap analysis / audit readiness |
| ☐ Technical document translation | ☐ Industrial / process engineering consulting |
| ☐ Expert witness / independent review | ☐ Surveillance audit support |
| ☐ Product re-design for compliance | ☐ Label / marking compliance review |

Project Timeline Requirements

- | | |
|--|--|
| ☐ Standard timeline (12–20 weeks) | ☐ Accelerated (8–12 weeks, priority handling) |
| ☐ Express (4–8 weeks — surcharge applies) | ☐ Flexible / no fixed deadline |

Target Certificate / Approval Date (dd.mm.yyyy) *	Product Launch / Delivery Date
Project Budget Range (EUR / USD)	Preferred Invoicing Currency
Preferred Payment Terms	Procurement Process

Commercial notes — NDA requirements, invoicing address, framework agreement preferences:

--

10 COUNTRY-SPECIFIC COMPLIANCE DETAILS

► Complete ONLY for countries selected in Section 03. Unanswered fields will be clarified during initial consultation.

Germany / European Union

Preferred Notified Body (TÜV Rheinland / TÜV SÜD / DEKRA / Other)	PED Category + Module (e.g. B+D)
---	----------------------------------

- | | |
|---|---|
| ☐ AD 2000 compliance needed additionally to EN 13445 | ☐ ATEX zone classification required |
| ☐ EN 1090 execution class for structural parts | ☐ BAM approval for certain chemical containers |

Russia / EAEU

EAC Certificate or GOST-R Declaration preferred?	TR TS Regulation number(s) applicable
--	---------------------------------------

- | | |
|---|---|
| ☐ Serial production scheme | ☐ Single-unit (Scheme 9S / 7S) |
| ☐ Russian technical specification (TU) available | ☐ Russian-language documentation available |
| ☐ Rostekhnadzor industrial safety permit needed | ☐ FGIS registration required |

China (SAMR / SAC)

CCC or Special Equipment Licence (TSG)?	Design Approval (SESP) for pressure vessels?
---	--

- | | |
|--|--|
| ☐ Factory already approved by SAMR / SESP | ☐ Simplified Chinese documentation available |
| ☐ Local Chinese representative (agent) identified | ☐ Shanghai / Guangzhou / Beijing inspection preferred |

USA

ASME stamp required? (U / S / PP / H / R)	State(s) of installation / jurisdiction
---	---

- | | |
|---|---|
| ☐ National Board NB registration needed | ☐ UL listing required (specify UL standard) |
| ☐ FM Global approval required | ☐ NFPA 652 / 654 combustible dust assessment |
| ☐ CSA certification for US / Canada market | ☐ California Prop. 65 compliance needed |

India (BIS / PESO)

BIS scheme (ISI mark / CRS / FMCS)?	PESO approval required?
-------------------------------------	-------------------------

- | | |
|--|---|
| ☐ Indian representative (AIR) appointed | ☐ Factory inspection by BIS expected |
| ☐ IS standard number identified | ☐ Not yet determined |

11 ADDITIONAL INFORMATION & SPECIAL INSTRUCTIONS

Known technical challenges or previous failed certification attempts (describe):

Competitor products already certified that may serve as reference (model / cert no.):

Specific Notified Body / accreditation body already engaged or preferred:

Administrative / Commercial Requirements

- | | |
|---|---|
| ☐ NDA / Confidentiality Agreement required before exchange | ☐ Escrow copy of technical file to be held by UnicertGroup |
| ☐ Multi-language Declaration of Conformity required | ☐ Joint certification with co-manufacturer / sub-supplier |
| ☐ Temporary import / ATA Carnet for testing samples | ☐ Priority / express handling requested |
| ☐ On-site factory support by UnicertGroup engineer | ☐ Training of factory QA staff requested |

Any other relevant information for the certification project:

12 APPLICANT DECLARATION & AUTHORISED SIGNATURE

By signing this questionnaire, the applicant confirms that all information provided is accurate and complete to the best of their knowledge, and authorises UnicertGroup Ltd (International Team) to use this data solely for the purpose of preparing a certification and compliance scope assessment and a commercial proposal (offer). No data will be shared with third parties without prior written consent.

Scope boundary. Final conformity assessment and EU type-examination are performed by a notified body. Legal interpretation belongs to qualified counsel, cybersecurity testing to an accredited testing partner, and CBAM emissions verification to an accredited verifier. The EU Declaration of Conformity is signed by the manufacturer or its authorised representative — never by us. We prepare, structure and defend the documentation; we do not certify it.

Company Name (print):	Date (dd.mm.yyyy):
Authorised Signatory (print name):	Position / Title:
Signature:	Company Stamp (if applicable):
